

MRS. BURNHAM JAMAICA, N. Y.

Sufferings Cured by Medicine Recommended by Sister-in-law.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house."—Mrs. L. N. BURNHAM, 295 South St., Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

Write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for anything you need to know about your ailments.

Follow this treatment on rising and retiring for a few days and watch your skin improve. There is absolutely nothing better for the complexion, hands, and hair than these fragrant, super-creamy emollients, if used for every-day toilet purposes. For Trial Free by Return Mail address post-card: "Cuticura, Dept. 17F, Boston." Sold throughout the world.

Needed Supplies Come.

Boston, April 18.—New England will be able to supply farmers with a large quantity of hurlap bag and binder twine as a result of the arrival at an American port of a steamer from Calcutta with a cargo of jute. The consignees estimate the value of the cargo at nearly \$2,000,000.

THIS STOPS HAIR FROM FALLING OUT

Ever count the dead hairs in your comb and brush? They are nature's warning of future baldness and proof that the dangerous dandruff germ is busy on your scalp. It was a famous Paris physician who first discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of Parisian Sage (liquid form) in destroying the dandruff germ and promptly preventing the further loss of hair. The effect of only three days' use of Parisian Sage is simply marvelous, and the American people have now awakened to the fact that they can be quickly rid of dandruff and save their hair by using Parisian Sage. Parisian Sage is sold by the Red Cross Pharmacy and good druggists everywhere. It's inexpensive, daintily perfumed, free from stickiness, and will surely cause hair to grow soft, lustrous and really seem twice as abundant.—Adv.

Amazing Power of Bon-Opto To Make Weak Eyes Strong

Doctor Says It Strengthens
Eyesight 50 per cent in One
Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The strain upon my eyes seemed heavy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type-writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one non-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

ARE HUSTLING WHEAT EAST

A Mile of Cars a Day from the Pacific Northwest

SIXTY DAYS' SUPPLY IS AVAILABLE

Big Drop in Price of Wheat and Provisions in Chicago Markets

Chicago, April 18.—The Pacific Northwest, with 15,000,000 bushels of good wheat available, is prepared to rush to the Atlantic seaboard 100 cars a day for 60 days. One hundred carloads will constitute, for all practical purposes, a train a mile in length. Washington asks that every facility be offered in moving these freight trains. Removal of the duty against Canadian wheat caused a drop in wheat prices yesterday in Chicago, so sharp as to reach panicky proportions. Corn dropped in sympathy, and provisions went off sharply also. Legislation to enable some responsible body, acting under governmental authority, to fix the prices of foodstuffs and to control their distribution, is in process in Washington. All over the country there is concerted effort to find means of conserving food supplies, and, above all, to secure the production of greater crops.

CABOT

Mrs. Donald Smith Died at Home of Son, Allan.

Mrs. Donald A. Smith passed away at the home of her son, Allan, March 26, at the advanced age of 80 years. She was a native of Scotland, born in Isle of Lewis, July 11, 1836. She emigrated to Quebec at the age of 15. In 1851 she was united in marriage with Donald A. Smith, her maiden name being Annie Melver. In 1884 Mr. and Mrs. Smith, with their family, came to Cabot and purchased the Ezekiel Reed farm. In 1899 they moved back to Milan, Canada, hoping to spend their remaining years in the Scotch settlement. In a few years Mr. Smith's health began to give out and they returned to Cabot to the home of their son, Allan. After 53 years of united toil, sharing together their joys and sorrows, this happy couple were separated by the hand of "Him who doeth all things well." Since 1913 Mrs. Smith had been faithfully cared for in the family of her son, Allan, remaining active and strong until a few months past, when her death began to fail, and she perceptibly lost strength, being confined to her bed about one week. She was a member of the Presbyterian church in Canada, a devoted mother, a kind neighbor. Funeral services were held at the M. E. church, Rev. J. S. Crossland officiating. Her remains were placed beside those of her companion in Cabot cemetery.

Those from out of town to attend the funeral were Mr. and Mrs. Donald Smith of Windsor and John McAuley of Granville, a nephew.

The Enemy of Uric Acid Is Anuric

(By L. H. Smith, M. D.)

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys.

The kidneys are the scavengers, and they work day and night in separating the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as backache, depressions, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy, gout.

The very best way to restore the kidneys to their normal state is to drink plenty of pure water and obtain a small amount of Anuric, which is dispensed by most every druggist. Anuric (double strength) is inexpensive and should be taken before meals. It is much more potent than lithia, and many find that Anuric dissolves uric acid as water does sugar.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action, they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy, and many other serious disturbances. It means that you are a victim to uric acid poisoning. Then ask your druggist for Anuric, which was first discovered by Dr. Pierce of the Surgical Institute in Buffalo, and which is dispensed by nearly every druggist in the land.—Adv.

Experience Is the Test of Tires

Every tire claims to be the lowest-cost-per-mile tire.

If you knew the experience of any considerable number of other tire users,

—that would help you decide which tire makes good on the claim.

We don't know about other makes of tires, but we do know

—that motorists who have used United States Tires continue to use them;

—that more and more motorists who used other makes of tires are turning to United States Tires.

These two facts are proved by the amazing sales increases of United States Tires

—sales increases that are vastly greater than even the greater natural increase in the number of automobiles this year over last

—which shows where tire service is.

'Way in Front for 8 Years

It was in 1909 that Fatimas nosed their way to the front and became the fastest-selling cigarette costing over 10c.

And, except in one or two localities, Fatima's big lead is increasing faster today than ever—in spite of the big sales of cheaper cigarettes, packed to imitate Fatima.

Of course, Fatima's remarkable sales do not make Fatimas taste any better

—in fact, no cigarette can just suit every man's personal taste.

But it proves that MOST men find that Fatimas keep their promises—that Fatimas do taste good and are comfortable while you are smoking and that after you smoke they leave you feeling just as fine as before.

Yes, Fatimas are sensible—and some day you'll become a Fatima smoker.
